For the inspecture of the Mudhestan (103 Taluk Sch & 105 Vill Schools) Schools in the State there are now 2 Asstt Dy Inspns of Schools, one for the East and one for the West Circle

Finding the arrangement insufficient for the purpose, the Inspr Genl of Education recommended ~~the~~

~~(1)~~ that there be 1 Dy Inspr for all Taluk Schools in the ~~Selem~~ State and 2 Dy Inspectors for the Village Schools, 1 for the East and 1 for the West Circle— the additional cost involved being Rs 169 a month

Govt objected to an increase in the number of the Inspecting Staff—

The I G therefore now proposes that there be only 2 officers as before, but that one of them be a Dy Inspr in charge of all the Taluk Mudhestan Schools in the State and the other be an Asstt Dy Inspr

for the inspection of all the
Village Hindustani Schools
in the State. The increase in

From

SIR,

I have the honour to submit herewith a Memorandum on the inspection and control of Hindustani Schools in the Provinces for the orders of Government —

I have the honor to be
Sir
Your most obedt servant,

H J Bhabha
Insp Gen of Education

JRV

Memo of the Inspector General of Education on the Inspection of Hindustani Schools in the Provinces dated 14 November 1896

By Order C No 80-88 of 1st September 1891 the Inspectorial Branch of the Educational service was reorganised The Middle and Primary Schools of each District were placed under a Deputy Inspector, with this exception that the Imporе District on account of its large extent and population was given two Deputy Inspectors, while Kadur and Hassan being comparatively small districts formed the circle of one Deputy Inspector To relieve the Deputy Inspectors of the inspection, and assist them in the control, of the Hindustani schools two Assistant Deputy Inspectors of Hindustani schools were appointed, who besides inspecting the Hindustani schools obtain orders on all matters of control either from the Deputy Inspector of the District in which the schools concerned are situated or through the Deputy Inspector from the head of the department. Before 1st September 1891 there was only one

inspecting officer for all the Hindustani schools of the Province which numbered on that date 125 He was styled Sub Deputy Inspector and had direct correspondence with the Education Secretary the inspection of Hindustani schools over the whole Province was perfunctorily made by him and the control exercised was not satisfactory

2 When two Assistant Deputy Inspectors of Hindustani Schools were appointed in September 1891, the Province was divided into two Circles, East and West, each consisting of four districts, and an Assistant Deputy was placed in charge of all the Hindustani Schools in each circle Mr. Khaja Mahomed the former Sub-Deputy Inspector of Hindustani Schools was appointed as one of the Assistant Deputies and placed in charge of the West Circle consisting of Shimoga, Kadur, Hassan and Mysore The East Circle consisting of Bangalore, Kolar, Tumkur and Chitaldroog was placed under Mr. Syed Mahomed who had completed his course for the BA Degree Examination and passed in two Branches of that examination

3 The disadvantages of the present arrangements for the inspection and control of Hindustani schools are (1) that each of the Assistant Deputies has to correspond with four different Deputy Inspectors and (2) the Deputy Inspectors to whom all points of control are referred are often unable to form an independent opinion of their own on the proposals or recommendations of the Assistant Deputies as they are not well acquainted with the Hindustani teachers or their work

4 The number of Hindustani schools in the East Circle which was 67 on 1st September 1891 has increased to 120 of which 19 are middle schools Mr. Syed Mahomed has worked zealously and conscientiously and the progress and tone of the schools in his circle have shown remarkable improvement under his care The number of schools in the West Circle was 58 on the 1st September 1891 It has now increased to 88 of which only 7 are middle schools The state of the schools in the West Circle and their general tone and discipline are far from satisfactory

120
88
208
26 m s
182

If the 7 and 7 this circle is inspected he must be relieved by a better man

5 Under the above circumstances I submit the following proposals for the improvement of inspection and control of Hindustani Schools I recommend that a Deputy Inspector to start in the III Class on a fixed salary of Rs. 100 a month may be appointed for Hindustani Schools He should be placed in charge of all the Hindustani Schools at Taluk Headquarters numbering in all 103 The numbers of the different kinds of Hindustani Schools at Taluk Stations are as follow

Taluk Middle Boys'	25
do do Girls'	0
Taluk Primary Boys	43
do do Girls'	21
Taluk aided Middle Boys'	1
do do Primary Boys	2
do do do Girls	8
Taluk Unaided Boys	2
do do Girls'	1
	103

To visit all the Taluk Stations in the course of a year will require much energy and activity on the part of the Deputy Inspector, but with the help of railways the task is not a difficult one and the total number of schools to be inspected is small

this number I expect will increase but not very greatly as only 11 Taluk Stations and 2 Sub-Taluk Stations where the Muhammadan population is inconsiderable are at present without Government or Aided Hindustani schools Until September 1891 there used to be only one Sub-Deputy Inspector of Hindustani Schools for the whole Province who had charge of 125 schools Besides inspecting the 103 Taluk Schools the Deputy Inspector will have the control of all Hindustani Schools in the Province and will correspond directly with the Inspector General

6 For the inspection of all Hindustani schools other than Taluk Schools I propose that two Assistant Deputy Inspectors as at present may be employed one for each Circle, East & West The East Circle Assistant Deputy will have at present the inspection of the following 59 schools spread over four districts -

Taluk Branch Schools for boys	2
do do for girls	1
Hobli Schools for boys	50
Aided village schools for boys	6
Total	59

The West Circle Assistant Deputy will

have for the present only 46 schools to inspect as shown below spread ove the four Western Districts

Taluk Branch Schools for boys — 5
Hobli Schools for boys — 35
do do for girls — 4
Aided Village Schools for boys — 1
Unaided do do — 1

Total 46

Though the number of schools to be inspected by each Assistant Deputy Inspector is small, the schools are spread over a wide area, and it will be their duty to visit the schools more than once during the year as according to the standing rules of the Department each of them is required to be out on circuit at least 18 days in the month for ten months in the year or for not less than 200 days in the year At present there are a number of Koran schools in villages which the Assistant Deputy Inspectors can easily encourage to teach secular subjects by the standards prescribed for village indigenous schools, and thus enable them to earn grants-in-aid and to serve the purposes of public institutions If Government are pleased to sanction the proposals set forth in this memo, not only will the inspection and control of

" " Hindustani schools be placed on a satisfactory basis, but primary education will spread more rapidly among Muhammadans than it can under the present arrangements

7 The increased cost to Government of the above arrangements will be as follows

	Rs
Deputy Inspector of Hindustani Schools —	100
Writer - - - - - - - - - - -	20
Gumasta - - - - - - - - - -	15
Deputy Gumasta - - - - - - -	7
3 Peons one on 7 + 2 on Rs 6 each - -	19
Contingent expenses - - - - -	8
Monthly	169

If the above proposals are sanctioned with effect from 1st January 1897 the increased cost to Government for six months will be Rs 1014 which can be met from the provision of Rs 4404 made for three additional Assistant Deputy Inspectors and their establishments in the current years budget The three new Assistant Deputy Inspectors of Noble Schools whose appointment was sanctioned by Order No $\frac{4248-9}{\text{ED } 7.18-96}$ dated 25th September 1896 were not able to enter upon their duties before the 1st November

so that their pay and the cost of their establishments and their travelling allowances have been saved for four months from July to October inclusive - Out of the savings of Rs 1508 thus caused, the extra cost of employing a Deputy Inspector of Hindustani Schools and of his establishment together with their travelling allowances from the 1st January to 30th June 1897 may be met, the necessary provision of Rs 2028 under the head of inspection and of an increase under the head of travelling allowances being made in the budget of 1897-98

With reference to the Secretary's docket No 6343 dated 2nd December Ed 215- 1896 has the honour to inform that there are no special Rules in force in Madras relating to the Inspection of Hindustani schools. Foreach of the four Inspection Circles of the Madras Presidency,

In a last Report like manner when there are 1115 schools for which there are only 4 Inspn Circles - In 1891 we had only one Inspr for all the schools which numbered 175- Now we have 2 Circles - But that the former beat of 120 Sth Coll 881 schools as above only 205 schools - including 26 Middle Schools

I do not think there is any necessity for increasing the no of Inspns - If one in charge of Coast Circle is appointed who will visit and draw satisfactory work the Inspr of the other Circle will be relieved of much of the work - If no relief were given a good man the work of Inspn of that Circle will be as great as the other - I am therefore disposed to recommend the proposal of the Inspr

I By Inspr inspected the Talook Schools & others by an one tour of inspection each

I cant of Inspection in a year

Could not Rd 23/1/97

There is a Hindustani Sub-Assistant Inspector corresponding in rank and pay to the Mysore Deputy Inspectors The four Sub-Assistant Inspectors of Hindustani schools were helped in 1893-94 in inspection work by 19 Hindustani Inspecting schoolmasters who resemble in rank pay and duties the class of Sub-Deputy Inspectors of Hobli schools in Mysore which was abolished in 1892 The number of Inspecting school masters of Hindustani Schools in Madras has probably been increased during the last two years.

The Native Asst appears to be rather old and inefficient, & if he is replaced but if he is replaced by a competent man, the inspection work of the West circle will be as good as that of the East circle -

3 Under these circumstances the Govt are not in favour of increasing the number of Inspecting officers for Hindustani Schools If however, any Revision is called for, it would be necessary to appoint ~~the Asstt Dy Inspr of the East circle~~ a Dy Inspr to inspect the Taluk and other schools in one circle and an ~~and with the Asst of one~~ Asstt Dy Inspr for the ~~placed in~~ charge of the other circle I am to request the favor of your opinion on these points

SIR

With reference to your letter No 13928 Ed 420 dated 30th June 1897, I have the honour to state that as Government are not pleased to sanction one Deputy Inspector and two Assistant Deputies for Hindustani Schools, the proposal made in para 5 of my memorandum dated 14th November 1896 to place a Deputy Inspector in charge of all the Taluk Hindustani Schools in the Province which are 103 in number may be kindly sanctioned It is very necessary to improve the state especially of the Taluk Hindustani Schools in the West Circle The present Assistant Deputy in charge of the West Circle can not do that If the Deputy Inspector looks after all Taluk Schools, the Assistant may be placed in charge of all Village Schools

about 105 in number in the Province for the present The Deputy when he visits Taluk Schools will have opportunities of inspecting some at least of the neighbouring Village schools also - Mr Syed Mahomed will be appointed Deputy Inspector and Khaja Muhammad will continue as Assistant Deputy Inspector For the present the latter will continue in the service so long as he gives a fair amount of satisfaction -

2 I propose the following scale for the Deputy Inspector's establishment

	Rs
Deputy Inspector	100 fixed pay
Writer	20
Gumasta	15
Deputy Gumasta	12
Peons one on Rs 7 and 2 on Rs 6	19
Contingencies	8
	Rs 174

(5th Province last year only)

The present scale of Mr Syed Mahomed's establishment is as follows

	Rs
Assistant Deputy	70 (in the grade of 50 rising to 75)
Writer	15
Gumasta	10
Two peons at 6 each	12
Contingencies	5
Total	Rs 112

If the proposed arrangements are sanctioned for the reasons stated in my Memorandum of 14 November 1896, the increase of expenditure for the nine months commencing from 1st October 1897 will be Rs 62 × 9 or Rs 558
